INTELLIGENT DRIVING ASSIST

With ORA GOOD CAT'S Intelligent Driving Assistance and Active Safety systems, you can expect nothing short of exceptional security and comfort on every journey.

Integration Intelligent Parking
Three modes of automatic parking assistance is available for a hassle-free parking experience.

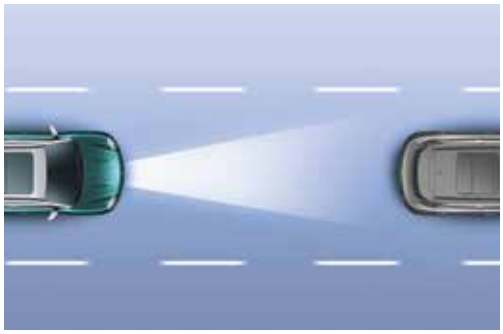

Wisdom Dodge System
Wisdom Dodge System monitors any large vehicle on the road and helps you maintain a safe distance. It then automatically steers your vehicle back to the same lane after.

Cornering Brake Control
Always make confident turns with a system that helps control speed while manuevering curves. It will decelerate your vehicle down to a suitable speed and go back to its original speed once the car has passed the curve.

Auto Emergency Braking + Intersection + Low Speed Emergency Braking
To ensure maximum safety for everyone on the road, sensors can detect turns, pedestrians, as well as cars infront and behind you. An alarm and automatic brake also ensures a safer journey.

Adaptive Cruise Control + Intelligent Turning • Traffic Jam Assist
ORA Good Cat automatically slows down when there's a car ahead then keeps consistent speed, as well as decelerates when taking turns to avoid potential accidents — hence, a safer drive.

360° Surrounding Camera
The car is equipped with 4 high definition 360-degree cameras that will turn on automatically when shifting to reverse mode — to accommodate all-round visibility.
